Condolence message for the loss of David Sassoli, President of the European Parliament

The EFBWW and the Italian trade unions, FenealUil, Filca Cisl, and Fillea Cgil, deeply regret the loss of David Sassoli, the President of the European Parliament, and express their condolences to the family.

We will remember David Sassoli for his commitment to the European Union and for his dedication to civil rights and European values, innovation and inclusion.

We have always appreciated his fight for a Europe of solidarity, for the European Parliament being a protagonist of full democracy. We do hope that his legacy of solidarity and democracy will be followed and strengthened in the future.
